

Chemicals for the Right Solutions

BioShield®75 is totally water based. Once applied to a surface (porous or non-porous) the BioShield®75 molecule bonds strongly with the surface. The BioShield®75 molecule sets up molecular spikes similar to a “bed of nails”. Microbes that land on this “bed of nails” are impaled, rupturing the cell wall and causing the demise of the microbe. These microbial swords are about one thousandth the width of a human hair. No poisons or toxic chemicals are utilized that can cause mutation or adaptive changes in the microbes. The result is a reduced risk of cross contamination and microbial growth. The cleaning Process is improved and enhanced over an extended period of time.

- EPA registered and USDA Accepted
- Long term history of safety, durability, and effectiveness
- Protects against microbial colonization
- Reduces transient microbial levels
- Does not dissipate over time, always working at full strength
- Durable even after multiple cleanings
- Won't wash off, leach or volatilize
- Non-toxic technology after drying
- Extremely durable on virtually any surface
- Odorless and colorless
- Controls microbes, gram (+) & gram (-) bacteria, fungi, molds, yeasts, and algae

Packaging	Model	Shipping
1 quart 12 per carton	6200	30 lbs
1 gallon 4 per carton	6210	37 lbs

FACT

Cease® Liquid Deodorant

The versatile, big-job deodorant!

Cease® stops offensive organic odors instantly! Diluted in cleaning solutions, added to carpet shampoo, or sprayed directly on surfaces, Cease is the answer to a full range of odor-control problems...in restrooms, patient-care areas, lobbies, elevators, storage areas, even refuse disposal areas.

- Adds to cleaning action.
- Non-corrosive.
- Won't discolor carpet.
- Leaves no sticky residue..

1-quart-12 per carton	6120	30 lbs
1-gallon-6 per carton	6121	56 lbs.

Rally®

Tile, Porcelain, and Chrome Cleaner

Rally® concentrate clings like a gel to vertical surfaces...so it goes on easy, stays on the job, and doesn't run off like wasteful liquids. Used straight or diluted up to 6:1, Rally® makes quick work of a wide variety of cleaning jobs, from bathtubs to bedpans, from drinking fountains to shower stalls. Pleasantly scented.

- Safe for ceramic tile, porcelain, aluminum, brass, bronze, copper, enamel paint, Formica and most other washable surfaces.
- Removes problem stains and soap film, whitens grout, brightens metal.
- Pleasantly scented
