

LINEN HAMPER

Enhance patient experience and boost HCAHPS scores with a silent, soft-close lid.

The Geerpres® Linen Hamper combines durability, safety, and efficiency. Built with a tough, unbreakable lid and a silent, hands-free soft-close mechanism, it's backed by a 2-year warranty and the trusted reliability of Geerpres®. The tubular steel construction is **easy to clean** and eliminates the need for formed-wire frames. With its slimmer profile, the hamper improves safety by keeping pathways clear and helping reduce workplace injuries and compensation claims.

MODEL #3936

FEATURES & BENEFITS

- Tubular steel construction for superior resilience and cleaning simplicity
- Silent soft close to improve HCAHPS scores
- Unbreakable steel lid with multi-lingual labels
- Professional, clean powder-coated finish
- Locking front casters
- Protective measures to reduce wall damage
- Designed to prevent an overfilled liner
- Narrower profile as it sits against a wall
- Heavy-duty nylon curtain with pouch to retain liner(s) included
- Optional connectors to link multiple units together
- Patent #10421573
