

CLEANING CHALLENGES: SOLVED

Cleanliness is critical across all industries, but its significance is immediate in the hospitality industry due to customer visibility and perception. Improving efficiency is a high priority, considering staffing shortages and rising labor costs. Cleaning speed is also a major concern, as access to rooms and high-traffic areas can be limited. We have collaborated with hospitality facility cleaning teams to develop and enhance cleaning products to improve cleaning results and efficiency.

MAIN CHALLENGES:

- Floor Maintenance
- Restrooms
- Back-of-the-House
- Trash Management
- Surface Cleaning
- Professional Cleaning Carts

FLOOR MAINTENANCE

Lobby floors are exposed to hundreds or thousands of visitors/guests throughout the day, and keeping hard floors or tiles clean can be difficult. Understanding the unique hospitality challenges helped us develop cleaning products that improve cleaning results and efficiency. Floors that require refinishing necessitate an efficient application system.

ADVANTEX G8 MICROFIBER APPLICATOR SYSTEM

No more buckets with our revolutionary, large-capacity removable tank that makes refilling easy. MODEL #200020

CAT G7 BACKPACK FLUID APPLICATOR

Never throw away a clogged finish applicator again with our CAT G7 Clean-out Fitting Tool! Use with Advantex® Single-Use Microfiber Mop #4831. MODEL #4503

ADVANTEX® SINGLE-USE MICROFIBER MOP

Exclusively offered by Geerpres® – Microfiber locks and lifts bioburden, dirt and contaminants away for efficient and effective cleaning. MODEL #4831

ADVANTEX® SINGLE-USE FLOOR DUSTER

Designed to attract and hold dust and debris with the microfiber mop and looped fringe. MODEL #48330 / #48331 / #48332

RESTROOMS

Hospitality bathroom cleanliness standards are very high, and do not accept littered paper towels, torn toilet paper, and dangerous puddles of water. Restrooms need to be frequently monitored and quickly cleaned. It is critical to be efficient with cleaning to avoid temporarily closing the restrooms during high traffic. Eliminating bacteria-contaminated cleaning tools can be cost-neutral and more efficient, protect guests and staff, and provide a greater cleaning solution.

ADVANTEX® ONLY SUSTAINABLE DISPOSABLE LOO-MOP®

Exclusively offered by Geerpres®. Improve cleaning cart cleanliness, eliminating toilet brush buckets, drips and spills. MODEL #4855

ADVANTEX® SINGLE-USE STRAP MOP

Composed of a 1.5" band and microfiber straps, that quickly absorbs large spills up to ten times its weight in fluid, and has tremendous cleaning efficacy with grease, oils and antifreeze. MODEL #4852

BACK-OF-THE-HOUSE & COMMERCIAL KITCHENS

Grease spreads everywhere in the back-of-the-house in steam and vapor particles from deep fryers and cooking surfaces. To avoid the accumulation of grease, regular cleaning is required. We have developed cleaning solutions that eliminate unsafe ladders and improve efficiency, helping food service lower their risk of fire and food contamination.

ADVANTEX® MICROFIBER UTILITY XL MOP
Single-use microfiber finish mops are ideal for coated grease kitchen vents and hoods. MODEL #4828

ADVANTEX MOP FRAME - 16"
This frame utilizes micro hook-and-loop fastening to avoid lint accumulation. Use with Advantex® Single-Use Microfiber Mop #4831 and #4828. MODEL #4713

72" TELESCOPING ALUMINUM HANDLE
Handle extends from 42" to 72", making it suitable for reaching high places. Mopping and high duster attachments with quick connect are available to create a multi-purpose tool. MODEL #4800

DRIP ARRESTOR WALL-MATE POLYURETHANE FOAM
Wall washing, and overhead cleaning no longer need to be messy. You can now eliminate drips and the need for tarps. MODEL #9504

TRASH MANAGEMENT

Trash collection is a high priority because high-traffic establishments or event venues generate large amounts of trash, including volumes of disposed fluids. Leaking trash liners create a mess in the trash receptacle and transport equipment, causing unsafe floors, odors, and carpet stains and reflecting poorly on the facility overall.

ADVANTEX® SPILL MOP
Designed to absorb spills quickly using a flat mop handle without the mess of a bucket and wringer. Absorbs up to 32 oz. (large bubble tea or coffee size). MODEL #4830

ADVANTEX® LEAKLOCKER™ PAD
It is ideal for placement in waste receptacles or any collection container to absorb leaking and pooling liquids. MODEL #4841

SURFACE CLEANING

Surfaces that experience high volumes of touch-and-go traffic include desks, cafeteria trays, tables, chairs, door handles, faucets, drinking fountains, and many more. Germs (bacteria) can spread quickly and cause sickness.

ADVANTEX® 1/4 FOLD SINGLE-USE NON-WOVEN MICROFIBER WIPES
Compatible with all disinfectant solutions, the wipes are durable and have tremendous absorbency and release in a single-use option. MODEL #48424

ADVANTEX® MICROFIBER HAND DUSTER
The professional-grade microfiber grabs hold of bacteria, and dust. The robust duster head is very dense but easily fits in small spaces, and the extendable handle helps reach higher areas. MODEL #48004G

ADVANTEX® HIGH DUSTER TOOL KIT
The Advantex® High Duster Tool kit includes telescoping aluminum handle and flexible high duster frame with quick connect. Handle easily extends from 42" to 70". MODEL #100113

PROFESSIONAL CLEANING CARTS

The hospitality sector must ensure the best first impressions by prioritizing cleaning high-traffic areas frequently. The modular Enterprise® EVS cart and Casino Cart are ideally designed to maintain a professional appearance while keeping all the cleaning essentials ready for efficient cleaning.

ENTERPRISE® EVS CART
The Enterprise® EVS modular cart, ideally designed for the healthcare industry and configurable to suit various cleaning protocols. The Enterprise® is at the heart of a comprehensive approach to advanced cleaning solutions.

GEERPRES® CASINO "SLOT" CART
The Geerpres® Casino "Slot" Cart is designed to maneuver easily through crowded or narrow casino floors, allowing staff to quickly and efficiently access all areas for housekeeping purposes. MODEL #37520000
