

Project Trolley with Flip-up Access Ramps

Keep your healthcare environment clean and professional with a project cart big enough to haul everything. Our Project Trolley features 18-22 gauge corrosion-resistant stainless steel construction with a 10-year limited warranty.

Large 3' x 6' platform offers the space to hold a swing machine, floor dryer blower, wet/dry vac, bucket/wringer, floor cones and much more. Ramps are located on both sides of the cart for easy loading and unloading of heavy equipment. Access ramps, with anti-slip strips, flip up for moving and storage of cart.

Product ID# 3910/0317

Features

- 5" double-bearing, all swivel quiet casters make cart easy to maneuver and reduce noise.
- All steel and stainless construction for strength and durability.
- 5.3 cubic feet lockable cabinet keeps chemicals locked safely.
- Increased productivity due to large capacity - fits everything needed for a shift and eliminates multiple trips to storage closet.
- 14 tool holders to safely secure mop handles, dust mops, brooms and more.
- Full-surround, high-quality, non-marking bumpers.
- Two access ramps have anti-slip strips and flip up for moving and storage of cart.
- 10-year limited warranty.
