- Casino 'Slot' EVS Carts

10-Year Limited Warranty Products:

- Buckets: Stainless Steel
- Wringers: Stainless Steel
- Project Trolley
- Orion Stainless Steel Cart

5-Year Limited Warranty Products:

- Wringers: Zinc-plated
- Buckets: Galvanized

Virtual Manager Software Program

Official Partner

Why Geerpres® and Virtual Manager for Your Hospital or Facility?

- Geerpres® EVS carts can be fitted to hold mobile devices and tablets
- Helps increase HCAHPS scores and decrease HAIs
- Increases employee productivity, efficiency and accountability
- Customers report savings of 12% in labor productivity
- Ensures consistent methods are deployed based on facility-established parameters
- Provides access to data and analytics
- Manage workloads on-site or remotely
- Promotes a safer environment

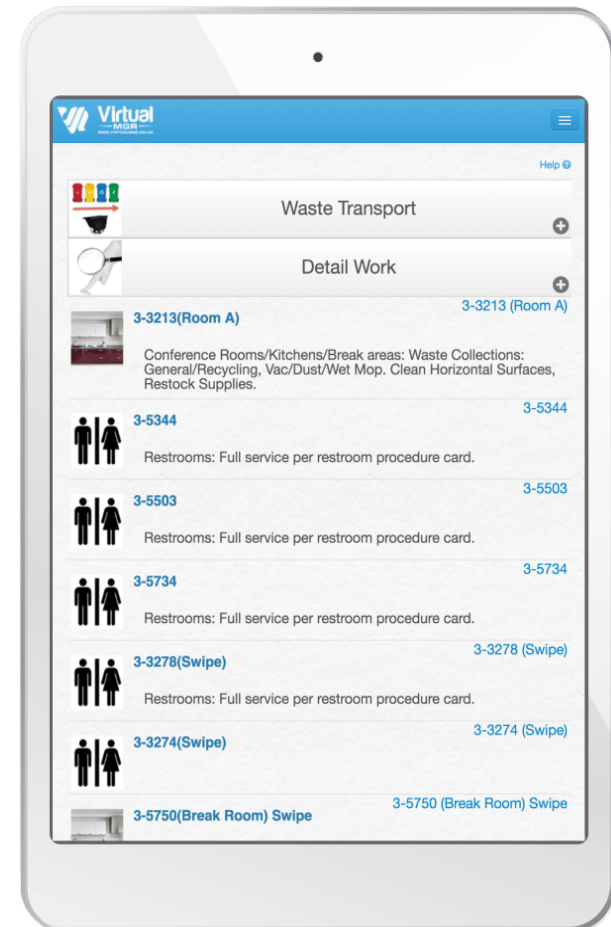

What Does Virtual Manager's HealthClean Software Do?

Paired with Geerpres® EVS carts, Virtual Manager introduces innovation to increase efficiencies, reduce waste or manual workload, and improve productivity.

- Manage dispersed workforce in multiple locations
- Automate all processes and schedules with mobile devices
- Optimize labor efficiencies and improve productivity
- Monitor and validate completed work
- Improve quality and compliance
- Assure training and immediate visibility to work instructions
- Instantly accessible in any location
- Provide multi-lingual comprehension

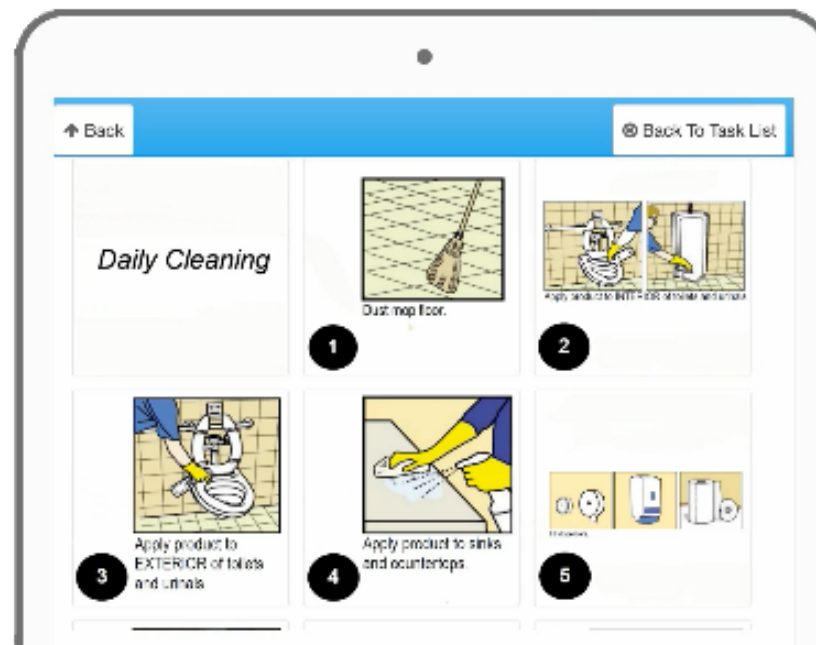

Virtual Manager's HealthClean User Interface

- Eliminate paper schedules and related management requirements
- Customizable to your facility process
- Increase communication between departments
- Document and timestamp completed tasks
- Employees get credit for their work
- Balance and transition employee workload
- Report maintenance issue and take pictures
- Training documents for new employees
- Simple and easy to use
- Available in 240 languages

Training and Procedures

- Ability to store training and procedural information onto tablets
- Improve the onboarding process of new employees
- Competency exams/videos can be embedded, required, with compliance monitoring

Reporting Maintenance Issues

- Report issues to management
- Take pictures of incident
- Customizable list
- Store and document

Advanced Reporting with Microsoft Power BI

Case Study – University of Rochester

Impact

- Scheduling methodology saved 2 hours in travel time per floor, per day
- 1 hour/day gained in each staff member's productivity = 48 hours/day
- \$325,000+ year in staff labor savings
- 45% decrease in troubleshooting and customer complaints
- Automated collection of documentation and daily events for compliance
- Empowered staff, increased performance and personal accountability
- ROI in less than 4 months, including start-up costs

“With Virtual Manager, we have seen a return on investment within four months, with that being extremely conservative. It is almost impossible to add up all the efficiencies that this tool can bring to your organization. There is no other product out there that can do everything that this product can do. It is easy to use, supports management and senior leadership with the reports that are provided. It's a winner!” Mark Schwartz – Director of Medical Center Facilities – University of Rochester
