Geerpres® Buckets

Geerpres® Buckets

Stainless Steel Round Bucket

- Rolled, open rims prevent accumulation of dirt/bacteria
- Leak-free and easy to sanitize
- Permanently-etched gradations included
- Available in 8- or 11-gallon, with or without casters, bumper

Galvanized Round Bucket

- Hot-dip zinc galvanized for maximum strength
- Heavy wire reinforcement formed into top rim
- Perimeter-reinforcing rib indicates two-gallon increments
- Available in 8-gallon, with or without casters, bumper

Seaway® Galvanized Oval Bucket

- Hot-dip zinc galvanized to seal all seams
- Reinforced bands and rolled rim for strength
- Permanently-etched gradations included
- Available in 26- or 35-quart with or without casters

Advantex Flat Mop Charging Bucket

Standard Features

- Place the charging bucket in the front of the cart or under the rear back to store soiled mops
- 4-gallon, 16 liters
- Positions securely to the Enterprise® EVS Cart to avoid sliding
- Designed for up to 50 or more Advantex® Mops
- For multiple bucket use, buckets can lock together and reduce spills
- Stainless steel handle with ergonomic grip included
- Reduced EVS cart weight with less charging fluid requirements
- Lid hangs from bucket hooks to avoid loss and secure fitting on the cart
- Autoclavable option available on a special order basis (volume-based pricing)

Advantex Charging Bucket Challenge

Traditional Laundered Charging Bucket (Left)

- Requires 3x the fluid chemistry (6-gallon size)
- Generates 40x solution waste
- 3x the weight

Advantex Microfiber Charging Bucket (Right)

- Requires much less fluid chemistry (4-gallon size)
- Reduces bucket and EVS cart weight
- Generates minimal solution waste

Additional Buckets

Microfiber Flat Mop Plastic Charging Buckets

- 6-gallon (22-liter) capacity
- Ideal charging buckets for flat mops
- Available in blue or red without casters, gray with screen and casters

Champ Plastic Bucket

- Made from foam polymer that will withstand years of continuous wringing action
- Single-bail design virtually eliminates bail pull-out and pinched hands
- Unique double-wall design keeps bucket sides smooth and free of protruding supports
- Built-in bumper keeps bail and casters from damaging walls
- Double-raceway, ball-bearing casters included
- High-security option available

Geerpres® Wringers

Geerpres® Wringers

Seaway® Zinc-Plated Sidepress Wringer

- Easy top-to-bottom squeezing action forces water down into the bucket
- Solid steel main shaft
- Can be used on a variety of buckets, including plastic
- Reinforced steel bottom band for stable operation and reduced bucket wear

Prince® Zinc-Plated Downpress Wringer

- Offered **only** by Geerpres®
- Wrings mops up to three times faster than other designs
- Welded and riveted construction, PLUS zinc electroplating
- Long-wearing steel bushings where the gear shaft enters the side plate

Ultra® Plastic Downpress Wringer

- Constructed of nylon reinforced with fiberglass for added strength
- Available in high-security/prison option
- Smooth, hard surface offers superior resistance to staining and abrasion
