“Advanced cleaning solutions, it's what we do.”

Creating value, efficiency, and improving sustainability is at the heart of our comprehensive approach to developing professional-grade solutions for the cleaning industry. Advanced cleaning solutions it's what we do. We work with our customers to solve EVS challenges and develop innovative Geerpres® integrated systems that utilize high-quality products and improve efficiency.

Get the job done right with Geerpres® Systems.

LIFETIME WARRANTY

For the lifetime of any Stainless Steel Enterprise® EVS Cart, Geerpres® warrants materials and workmanship to the original purchaser. Geerpres® will provide, at their sole discretion, repair or replacement of the product or components thereof, providing specified Care and Maintenance procedures are followed. Products covered under this warranty are:

- **Enterprise® EVS Carts: Stainless Steel**

This Lifetime Warranty does not include the Project Trolley or Escort powder-coated carts and excludes shipping and handling charges, abuse or neglect by the user(s), and any standard wear items such as bags, casters, locks/keys, etc.

SEE WEBSITE FOR FULL DESCRIPTION OF WARRANTY LIMITATION AND EXCLUSIONS. www.geerpres.com

10-YEAR LIMITED WARRANTY

For a period of 10 years from the date of purchase, if any Stainless Steel Buckets or Wringers proves defective in materials and/or workmanship during normal use by the original purchaser, Geerpres® will provide, at their sole discretion, repair or replacement of the product or components thereof, providing all care and maintenance procedures have been followed and the product has not been abused. Products covered under this limited warranty are:

- **Buckets: Stainless Steel**
- **Wringers: Stainless Steel**
- **Project Trolley**
- **Orion Stainless Steel Cart**

This limited warranty excludes shipping and handling charges.

Exclusion: Mixing zinc-plated and galvanized products with stainless steel products will void the 10-year limited warranty due to a galvanic reaction.

5-YEAR LIMITED WARRANTY

For a period of 5 years from the date of purchase, if any zinc-plated or galvanized wringers proves defective in materials and/or workmanship during normal use by the original purchaser, Geerpres® will provide, at their sole discretion, repair or replacement of the product or components thereof, providing all care and maintenance procedures have been followed and the product has not been abused. Products covered under this limited warranty are:

- **Wringers: Zinc-plated**
- **Buckets: Galvanized**
- **Casino "Slot" Cart**

This limited warranty excludes shipping and handling charges.

Healthcare Challenges: SOLVED

Cleaning a medical or healthcare facility, no matter how well-trained or experienced the cleaning team, takes efficiency and efficacy. Medical facilities present many challenges, which requires the best and most thorough cleaning to ensure they are safe from HAIs.

Main Challenge Areas:

- Floor Maintenance
- Surface Cleaning
- Cleaning Carts & Hamper
- Restrooms & Trash Management

ADVANTEX® MOP IS THE PREMIER SOLUTION

MORE IS BETTER

Absorb
MORE
solution

Release
MORE
solution

MORE
floor coverage
(250 sq. ft. floor coverage per mop/charge)
& fewer mops used

CHEMISTRY COMPATIBILITY

- ✓ Best-in-class non-quat binding, compatible with all chemistries
- ✓ 95.9% of cleaning chemistry delivered to the floor

PROFESSIONAL GRADE MICROFIBER WITH SUPERIOR EFFICACY

- ✓ 27.3% of Laundered microfiber retains HAI pathogens*
- ✓ Reduces risks of cross-contamination
- ✓ 99.9% efficacy of pathogen removal*
- ✓ Improves environmental safety

SUSTAINABILITY

- ✓ Constructed of 71% post-consumer recycled materials
- ✓ Lower fuel and water usage
- ✓ Significantly reduces cleaning chemistry waste
- ✓ Eliminates harsh chemical usage in laundering process

COST REDUCTION/BUDGET FRIENDLY

- ✓ Requires 47% less chemistry
- ✓ Increases cleaning staff efficiency
- ✓ Greater coverage with fewer mops
- ✓ Less cost than outsourced laundry per use

ELIMINATES LAUNDERING MICROFIBER

- ✓ Reduces EVS laundry service management and compliance audits
- ✓ Eliminates risk of co-mingled, residual by-products from different laundering entities
- ✓ Eliminates using damaged, ineffective microfiber resulting from the laundering process
- ✓ Eliminates risk of reintroducing pathogens retained in laundered mops

This study evaluated ADVANTEX® (Brand A) and several brands of single-use microfiber mops and determined that differences vividly exist between brands on several critical criteria such as disinfectant neutralization, absorbency and dispersion/release efficacy, floor coverage, and wasted chemical solution. The full-length microfiber mop case study and lab results are available upon request. (By David Harry and Jack McGurk, MPA.) **NOTE:** The complete report, all data, tables and results are available upon request.

ENVIRONMENTAL LIFE-CYCLE ANALYSIS

SUMMARY & RESULTS: The ADVANTEX® Single-use Mop has a significantly **LOWER** environmental impact than a reusable laundered mop in every category assessed in the EPA TRACI model. A contribution analysis on the global warming potential of the two indicates that the electrical power and chemistry needed to wash and dry the reusable mop dominates environmental adverse implications.

ONLY ADVANTEX OFFERS SUSTAINABILITY BENEFITS VS LAUNDERABLE

Richard Venditti, Elis and Signe Olsson Professor, Department of Forest Biomaterials, North Carolina State University, Room 1204 Pulp and Paper Labs, Raleigh, NC 27695-8005

This report summarizes the findings of an environmental impact analysis of two types of mops, the ADVANTEX® Single-use Microfiber Mop (disposable) and a reusable microfiber mop. Each type of mop was evaluated for 100 uses. The ADVANTEX® Single-use Mop included 100 mops that were each used one time and then disposed of after being transported 20 miles to an incineration facility.

NOTE: The complete report, all data, tables and results are available upon request.

ADVANTEX® SINGLE-USE MICROFIBER MOPS

ELIMINATE LAUNDERING SERVICES AND SAVE MONEY

ADVANTEX® SINGLE-USE MICROFIBER MOP

Microfiber locks and lifts bioburden, dirt and contaminants away for efficient and effective cleaning.

CONSTRUCTION FEATURES

- The synthetic construction is compatible with all disinfectants, including quats, chlorine and peroxides
- Non-linting, USP 797 compliant

ADVANTEX PROFESSIONAL MICROFIBER HAND DUSTER

The ADVANTEX Microfiber Hand Duster professional-grade microfiber grabs hold of bacteria, pet dander, and dust and doesn't let go. We don't just move dust around; we capture and remove it. Our professional-grade duster head is very dense and robust; however, it easily fits in small spaces, and the extendable handle helps reach higher areas.

FEATURES & BENEFITS

- Our professional-grade microfiber mop has industrial-strength stitching allowing for heavy-use
- Compact, light-weight and ready for professional use
- Professional-grade microfiber grabs onto particles improving EVS efficiency
- The full, dense microfiber mop head fits hard-to-access areas such as vents, electronic equipment, and lights
- Extra long handle extends up to 3 ft

ADVANTEX® SINGLE-USE MICROFIBER INNOVATIONS

EXCLUSIVELY OFFERED BY GEERPRES®

THE ONLY SUSTAINABLE ADVANTEX LOO-MOP

The sustainable Advantex Loo-Mop is a toilet brush with bamboo handle, comprised of 100% biodegradable materials. Durable for multi-use through a single-use design, the Advantex Loo-Mop reduces waste (versus plastic toilet brushes) and cross-contamination risks.

MODEL #4855

Patent# 18216326

FEATURES & BENEFITS

- Eliminating contaminated toilet brush buckets, drips and spills
- Improve EVS cart cleanliness
- Biodegradable multi-layered, 4" diameter mop heads made of durable cellulose fibers
- Avoid the risk of clogging toilets and drains with disposable pads
- 14" long overall and weighs only 1.5 oz. with a slightly curved handle to reach crevices

ADVANTEX LOO-MOP

Model #	Description
4855	ADVANTEX Loo-Mop (200 per case)

Advantex Loo-Mop by GEERPRES®

SUSTAINABILITY MATTERS: Bamboo Facts

Rapidly Renewable Resource: Bamboo regrows and replaces itself quickly, reducing the demand for fast-depleting materials like lumber.

Biodegradable: Bamboo is biodegradable and 100% compostable within 2–6 months.

Pest-Resistant: Bamboo is easy to grow and extremely tough, meaning it can be grown without pesticides or chemical fertilizers that can cause harm to the soil and water supply.

Saves Water: Growing bamboo requires no irrigation, which saves water.

Produces Oxygen: Bamboo produces more oxygen than equivalent trees. It's also carbon-neutral, helping offset the effects of climate change.

Anti-microbial: Studies have shown that bamboo has a high level of anti-microbial properties, which inhibits the growth of bacteria by up to 99.8%.

CAT G7 - BACKPACK FINISHING APPLICATOR

Designed for efficiency, our completely self-contained floor finishing applicator is lightweight with an ergonomic backpack.

“Never throw away a clogged finish applicator again with our CAT G7 Clean-out Fitting Tool!”

STANDARD FEATURES:

- Backpack design has a sturdy construction and breathable mesh inserts to help keep the user cool. It has adjustable chest, waist, and padded shoulder straps.
- Lightweight powder-coated aluminum handle.
- Swivel trigger moves with the operator's natural movements, making it more ergonomic.
- Dual outlet dispenses fluid at a 90° angle to eliminate liquid collecting on the mop frame.
- Refillable Chemical Bags have a 1.5-gallon capacity, are easy-to-fill and install, and can be filled with virtually any non-acidic floor care chemical.
- Only finish applicator with a "superior clean-out tool allows simple, quick and effectively clean and re-use without clogging." Clean-out Tool is sold separately.

STANDARD KIT INCLUDES:

56-1/2" Powder-coated Aluminum Handle Assembly, Flat Mop Frame, 7' Chemical Feeder Hose with Cap and Connector, Backpack, Refillable Chemical Bag (1.5-gallon capacity).

WRINGERS & BUCKETS

PRINCE®

Zinc - plated Downpress Wringer

STANDARD FEATURES:

- Only offered by Geerpres®
- Simple, one-stroke operation wrings mops up to three times faster than other designs
- Solid steel gear shaft for unmatched durability
- Double-staggered metal gears for solid, slip-proof operation
- Long-wearing steel bushings where the gear shaft enters the side plates
- Welded and riveted construction, PLUS zinc electroplating, makes these wringers as long-lasting as they are effective
- Accommodates virtually all popular string mop sizes (12 – 32 oz.) or the 50 oz. ADVANTEX Single-use Strap Mop (Model #4852)

PRINCE® ZINC - PLATED DOWNPRESS WRINGER

Name	Standard Stock #	Basket Volume	Mop
Prince® Zinc-plated Downpress Wringer	1010	212 cu. in.	12-32 oz.

GALVANIZED

Round Bucket

STANDARD FEATURES:

- More usable capacity than oval buckets
- Hot-dip zinc galvanized after the bucket is formed for maximum strength
- Heavy wire reinforcement formed into top rim for added strength
- Perimeter-reinforcing rib indicates two-gallon increments
- Models with 2" casters include high-density, reinforced nylon spiders attached without rivet or bolt holes
- Compatible with the Prince® Wringer (Model #1010) and Seaway® Zinc-plated Sidepress Wringer (Model #1100)

MODEL #2023 /
MODEL #1010
(sold separately)

GALVANIZED ROUND BUCKETS

Model #	Description	Diameter x Height
2024	8-Gallon	14" x 14-1/4"
2023	8-Gallon on 2" Casters	17-1/4" x 14-3/4"
2042	8-Gallon with Bumper on 2" Casters	17-1/4" x 17-1/4"

STAINLESS STEEL

Downpress Wringer

STANDARD FEATURES:

- Stainless steel with electro-polished finish only offered by Geerpres®
- Made from Type 304 stainless steel to resist abrading, rusting, discoloring or staining in normal use
- Electropolishing provides superior corrosion resistance and makes the surface very smooth—so bacteria and foreign particles do not adhere
- Downpress action wrings mops up to three times faster than conventional wringers to boost productivity and reduce costs
- Cleanroom-specific stainless steel wringers are fully autoclavable

STAINLESS STEEL WRINGERS

Name	Standard Stock #	Basket Volume	Mop
SS Royal-Prince® Wringer	1009	212 cu. in.	12-32 oz.

STAINLESS STEEL

Round Bucket

STANDARD FEATURES:

- Rolled, open rims reinforce the bucket and prevent accumulation of dirt and bacteria
- Seamless construction keeps buckets leak-free and easy to sanitize
- Permanently-etched gradations included for easy, accurate mixing
- With proper care, these buckets can provide a lifetime of corrosion-free use
- Bail ears located below rims to allow easy placement of wringer
- Compatible with the Royal-Prince® Wringer (Model #1009)

2223	8-Gallon with Bumper on 2" Casters	17" x 17"

SEAWAY® Zinc - plated Sidepress Wringer

STANDARD FEATURES:

- Easy top-to-bottom squeezing action forces water from the mop down into the bucket, minimizing overflow
- Solid steel main shaft
- Accommodates virtually all popular string mop sizes (12 – 32 oz.) or the 50 oz. ADVANTEX Single-use Strap Mop (Model #4852)
- Can be used on a wide variety of buckets, including plastic models
- Reinforced steel bottom band for stable operation and reduced bucket wear

MODEL #1100
Seaway® Zinc - plated
Sidepress Wringer

SEAWAY® ZINC - PLATED SIDEPRESS WRINGER

Name	Standard Stock #	Basket Volume	Mop
Seaway® Zinc - plated Sidepress Wringer	1100	329 cu. in.	12-32 oz.

** Mixing zinc-plated and galvanized products with stainless steel products will void the limited warranty due to a chance of galvanic reaction.

SEAWAY® GALVANIZED Oval Bucket

STANDARD FEATURES:

- Oval design provides added mop clearance between wringer and bucket front
- Hot-dip zinc galvanized after fabrication seals seams, providing maximum corrosion resistance
- Reinforced bands and rolled rim add strength
- Permanently-etched gradations enable easy, accurate mixing
- Casters feature rust-free nylon caster mounts with double-raceway, non-marking casters
- Compatible with the Floor-Prince® Wringer (Model #1010) and Seaway® Zinc-plated Sidepress Wringer (Model #1100)

MODEL #2103 /
MODEL #1100
